Black Frame with Strap

SB7321DT • Polarized Gray Anti-Fog

Polarized lenses eliminate glare, which distorts the true color of objects and makes them harder to be seen. Glare also causes a mirror-effect on wet surfaces so that objects below the water's surface cannot be clearly be seened. Glare can be uncomfortable causing eye fatigue from squinting.

XS3 ® Plus US CSA AUS H2X (12/box 300/case
